

Network Solutions Offers Microsoft Office 365 to Business Owners

September 19, 2019

JACKSONVILLE, Fla., Sept. 19, 2019 (GLOBE NEWSWIRE) -- [Network Solutions, LLC](#), a subsidiary of [Web.com Group](#), today announced that it now offers Microsoft Office 365 to its customers. Network Solutions customers can select one of three Office 365 offerings.

"We are delighted to offer a premium email and productivity solution that will help business owners utilize the same enterprise-grade solutions as their larger competitors, all within a predictable price structure," said Kim Smithers, vice president of brand management, Network Solutions. "Through our collaboration with Microsoft, we're able to deliver solutions that provide value, while helping them focus on and grow their business."

Microsoft Office 365 from Network Solutions delivers secure, reliable, email and productivity solutions for businesses of any size. Office 365 includes professional email, contacts, and shared calendars in a single unified inbox; unlimited online meetings; HD video conferencing; Instant Messaging with real-time presence; secure document sharing with cloud storage – all integrated into Outlook, with one-click access from your desktop, laptop, smartphone, or tablet.

It includes Microsoft Word, Microsoft Excel, Microsoft PowerPoint as well as Microsoft Teams. Office 365 also includes built-in security features that help detect malware, spam, phishing attacks and other threats.

"We're pleased that Network Solutions is offering Microsoft Office 365 to its customers," said Mark Kroese, General Manager, Microsoft 365 at Microsoft Corp. "Adding Office 365 to Network Solutions experience in delivering small business solutions can bring benefits to businesses of any size."
