Web.com to Host Small Business Summit to Help Greater San Diego Area Small Businesses Strengthen Their Online Presence

Small Business Summit to be Held at the PGA TOUR Farmers Insurance Open in La Jolla

JACKSONVILLE, Fla., Jan. 27, 2015 (GLOBE NEWSWIRE) -- Web.com (Nasdaq:WWW), a leading provider of Internet services and online marketing solutions for small businesses, will host a free Small Business Summit designed to help small business owners in the greater San Diego area learn how to successfully increase their business visibility and better market themselves online. The Small Business Summit will take place on Wednesday, February 4, 2015, from 8:30 a.m. - 11:30 a.m. on the grounds of the Hilton La Jolla Torrey Pines, La Jolla, CA. Through Web.com's agreement with the PGA TOUR and as umbrella sponsor of the Web.com Tour, Web.com developed the Small Business Summit as a benefit to small business owners in communities across the country.

"In today's economy, it is small businesses and entrepreneurs that are today's best job creators and are essential to driving our overall economic success," said Peter Ripa, chief executive officer of the Farmers Insurance Open. "Staying competitive in our ever-changing business environment is very important to the area's small business owners as they look for better ways to be successful. With the help of our corporate partners, Web.com and Bank of America, we are pleased to help local small business owners continue to prosper and grow while also having the chance to enjoy the Farmers Insurance Open and experience the San Diego vibe and hospitality at beautiful Torrey Pines."

Natashya Rios, director of Marketing at Web.com, will lead the discussion at the Web.com Small Business Summit, and will share information and tools that small business owners can use to improve their cash flow and business performance; increase their online visibility; and optimize their online marketing efforts.

Topics and content at the Small Business Summit focus on ways small business owners can achieve a successful Internet presence, including the elements of a great website, how to determine if their website is working for them, increasing traffic to their website and business, mobile marketing and decoding how to efficiently market their business on Google, Facebook and Twitter.

"As part of our commitment to give back to the communities we serve, we are pleased to offer this event which is focused on helping small business owners improve their business model," said Rios. "Every day, Web.com helps millions of business owners address the challenges of building and maintaining an effective online presence that allows their businesses to grow. We expect a lively dialogue covering a range of key, timely topics that small business owners face when tackling this increasingly important digital opportunity."
